TODAY'S ODDITY
OAKDALE, Aug. 16.—Ole Neilsen, who had been bothered by a peculiar buzzing in his ear, and worried for fear he might be growing deaf, was relieved today when a doctor discovered a small white spider had been busy in the ear spinning webs.

\$150,000 MARKET FOR 23RD STREET AREA

LOCAL VETS PREPARE FOR MEET HERE TUESDAY

300 PERSONS STILL ABOARD SINKING SHIP

'ROUND 'N' 'ROUND
Richmond on a warm afternoon.
Men in front of the Fox-California theater... arguing politics... perhaps...
Phil Jones... wearing a light suit and a straw hat...
Razberries for carrying home shopping packages... we should worry...
Clint Smith in front of his store... talking to someone...
J. Harry Plate walks down the street without a hat...
Danny Bettencourt in his store... tugging at a wrist watch bracelet with a small pair of pliers...
Mrs. Laura Kent... with a new pair of glasses... driving a red car...
C. S. Ford... and his red car... with a California State Fair tire cover...
Ivan W. Hill driving down Macdonald avenue in a grey sedan...
John Moore... with a big sign on the rear of his Chevrolet...
Art Alstrom looking sumnerish with a light suit and a panama hat... wonder why they call them "panama's"?
Charley Donnelly driving a new car...
J. P. Strom arguing with someone... about something or other—or is he just electioneering?...
Art Coon... walking slowly and looking thoughtful about something...
Al Paulsen driving his car... Al is grinning—as usual...
An old Briscoe automobile... wonder how old it is?
A cop standing at the corner of Sixth and street and Macdonald avenue talking to a youth in a red and black sport roadster...
Lou Bradeson and Jim Arbuckle riding together... on white motorcycles...
Shoppers in front of store windows staring at price marks written upon plate glass windows...
The busy clang of cash registers...
A Chinese boy, carrying a white sweat shirt over his arm... comes out of the emergency hospital...
Denny Miner driving a new car... looks like Harry Curry made another sale...
Cars double parked.

MANY POSTS TO GATHER HERE
One of the largest parades and veteran meetings ever held in Richmond will be held here Tuesday night when Honor Post V. F. W. will act as host to delegations from nine posts of the district.
In addition to the nine delegations, three or four drum corps will participate in the parade, which will be held through the center of Richmond.
The parade will start at 7:30 with W. F. Huber of El Cerrito acting as marshal and George Imbach of Richmond as assistant.
Nearly a thousand veterans are expected to be in attendance at the meeting, which will be presided over by Department State Commander H. W. Winn of Emeryville.
The posts to be represented at the meet are Richmond; Astor Post of Oakland; Emeryville Post; Hollywood Post of Alameda; Waterhouse Post of Oakland; Berkeley Post; Martinez Post; Pittsburg Post and San Jose Post.
The meeting will follow the parade, and will be held at the Richmond Memorial hall.
At the conclusion of the meeting an enormous banquet will be served by a committee under the direction of Harry Hunt of Honor Post.

Cash Beauty

MLLE. ILA LOTH, one of Hungary's most noted beauties, will soon adorn a new issue of currency, which is being put out by the Hungarian government.

ARSON PLOT IN OHIO FIRE
COLUMBUS, Ohio, Aug. 16.—UP—A flickering taper lighted by freedom-mad convicts and timed to explode a can of highly volatile fluid while the prisoners were at supper, started the Easter Monday state penitentiary holocaust that cost 320 prisoners their lives.
This picture was sketched by state officials today as it became known that two convicts suspected of implication in the plot, were lodged secretly in the city jail. At the same time it was reported that of four other supposed ring-leaders, two of them perished in the fire of their own making and the other two, their minds twisted by the unexpected outcome of their handiwork, have gone mad.
The arson plot, conceived as far back as last November, five months before the fire, was intended to loose 4000 convicts on the city. The fire department was to have responded to the alarm and the prisoners, when ladder trucks entered the prison walls, were to seize the ladders and (Continued on Page 8)

LUNCHEON TO BE SERVED ON BOARD
With the arrival of the inter-coastal freighter Dorothy Luckenback at the Richmond inner harbor tomorrow on her way from northern ports to the Atlantic, the launching of a regular steamship intercoastal service for Richmond will be celebrated.
The ship, which is the first intercoastal freighter to make Richmond a port of call since terminal rates were granted a few weeks ago, will be the object of a big reception by city officials, steamship representatives and members of the chamber of commerce.
At noon there will be an informal luncheon and a short speaking program which will dwell upon the shipping and industrial advantages of Richmond.
To Arrive Monday
The ship to arrive tomorrow is the vessel that has so far called upon Richmond and attention is called to the fact that this call means the launching of a new and regular intercoastal service.
The arrival of the Dorothy Luckenback will be more than just a social call, as 15,000 cases of canned goods from the Filice and Perrelli cannery will be loaded to go to north Atlantic ports.
The recent granting of terminal rates, which was chiefly responsible for the Dorothy Luckenback's call, means that ships of other intercoastal lines will make this port a regular call, and puts Richmond on an equal footing with San Francisco in the matter of freight tariffs.
Opposition to granting the rates was occasioned by reason of the belief that the steamship executives held to the theory that the calling of their ships at the port would entail additional and unnecessary expense.
Their contention was overruled, however, and the steamship officials have announced they are going to do all they can to promote business and develop the port.
Speakers at the luncheon tomorrow will include T. M. Carlson, city attorney; W. W. Scott, chairman of the traffic committee of the chamber of commerce and a director of the chamber; Fred D. Parr; P. M. Sanford, president of the chamber; and officials of the Luckenback line.

Rail Extension Work Is Started
GREENVILLE, Aug. 16.—Featured by ceremonies in which officials of the Western Pacific railroad and joint contractors participated, construction work on the company's extension from Klamath Falls to Keddle started today.
Actual work started when the president of the road, H. M. Adams, operated a steam shovel to lift the first load.
VISITOR HERE
Mr. and Mrs. A. S. Whiteside of the West Side are enjoying a visit from their son and daughter-in-law, Mr. and Mrs. Whiteside of San Fernando, who plan to drive on to Yosemite valley.
THE WEATHER
Fair and mild today; moderate to fresh west winds.

NEW WITNESSES TO APPEAR IN BILLINGS HEARING TOMORROW
—With still more new witnesses in the offing, the "re-trial" of Warren K. Billings rested tonight until resumption Monday of the hearing.
The newcomers, Edwin V. MacKenzie, Billings' attorney, said tonight, will give important testimony to bolster Billings' contention that he was nowhere near the scene of the bomb explosion in San Francisco on July 22, 1916, in which ten persons lost their lives.
From a statement made by Chief Justice Waste of the state supreme court, "chairman" of the fact-finding board into which the court has been changed for purposes of Billings' hearing it was gathered that the justices have already formed an opinion and wish the hearing concluded as speedily as possible.
End Tuesday
Though MacKenzie said it would take "three or four days more" to produce all of his evidence, Justice Waste said that he and his fellow members wished the hearing closed at least by Tuesday.
MacKenzie expressed himself as pleased with the story Billings told before Governor C. C. Young, heir.

Dies In Crash

LIEUT. COL. HARRY ABBOT was killed yesterday when his plane shown here crashed at the Berkeley airport.
FAMOUS STATE FLIER KILLED IN AIR CRASH
BERKELEY, Aug. 16.—Harry Abbot, 30, California aviator pioneer, was killed today when a fast navy pursuit plane he was flying went into a spin and crashed to the field here.
The plane in which Abbot crashed was to be used in dedicating the new San Francisco airport.
As he banked for the landing, the plane, evidently running into an air pocket, fell into a flat spin and crashed to the ground from an altitude of about 400 feet.
The plane was almost instantly killed.
Abbot, a well known California flier, and former aviator to the Chinese government, was the first man to fly the China sea, and inaugurated several Chinese air lines. He was an honorary lieutenant in the Chinese Air corps.

Debutante Wins Race to Wedding
SAN FRANCISCO, Aug. 16.—UP—Determined not only that wedding bells shall ring out, but that she will have a hand on the bell-ropes, Miss Catherine Carpenter, Minneapolis debutante, won a hairbreadth race today to arrive here before the Matson liner Malolo sailed for Honolulu.
Miss Carpenter, a bridesmaid at the coming wedding of Miss Alice Cooke of Honolulu and Roger Kent of Kentfield, California, was one of the passengers delayed at Salt Lake City by washouts on the route of the Union Pacific.
When she learned that the Malolo would leave on schedule today, and that she would miss it if she waited for repairs along the railroad, Miss Carpenter chartered a plane for San Francisco. She arrived, prepared to charter an amphibian and chase the Malolo out to sea, but this was unnecessary and the last lap was made in a taxicab.
Miss Carpenter is the daughter of a well known Minneapolis grain broker.

Police Seek Woman Slayer
SALT LAKE CITY, Utah, Aug. 16.—Clad only in silk stockings and covered with a sheet, the battered body of Mrs. Bell Young, about 50, was found today in her apartment. She had evidently been murdered a short time before by an unknown assailant. Police are seeking her recent companion, said to be a Californian.
Letters Asked In LeGrand Estate
MARTINEZ, Aug. 16.—Petition for probate of the will of the late Arthur LeGrand, was today made by his widow, Mrs. Alice LeGrand. According to the petition the estate is valued at less than \$10,000 and the widow is the only heir.

WORK TO BE STARTED SOON
Construction of a drive-in-market, that will represent an investment of more than \$150,000 will be started at Twenty-third street and Macdonald avenue within the next 30 days.
This was the announcement made yesterday, following the report of the sale of nine lots by the Murdock-L'Honnemieu Land corporation, owners of Metropolitan Square.
Five lots facing on Macdonald avenue, and four lots facing on Twenty-Third street were sold to a Los Angeles syndicate yesterday morning, according to C. P. Murdock, president of the land firm.
Plans Ready
Plans for the new market are now being prepared. Exterior plans of the building are in the hands of the architect for the land corporation.
The building will be of modern, Spanish design, and will be of fire proof construction.
From preliminary reports, it will be "L" shaped. It will have a facing of 140 feet on Macdonald avenue, and 123 feet on Twenty-Third street.
Large Floor Space
This building will have a large floor space, estimated at more than 24,000 square feet.
The structure will be built in conformity to the building laws of the city, and according to officials, will present an attractive appearance.
Further details of the building will be announced at a later time.

NEW BLASTS AT COAL MINE
PRINCETON, B. C., Aug. 16.—UP—New explosions in the No. 4 mine of Coalmont Collieries, where 46 men were killed Wednesday evening, ended the attempt of rescue workers to reach the bodies of 43 of the victims today.
One of the explosions, which followed the latest explosions and forced a 11 the rescue crews to quit the shaft when they had penetrated within a short distance of the place where the majority of the miners were working when Wednesday's explosion blocked the main shaft.
Danger of subsequent explosions of blackdamp, in addition to the fire, was such that George Murray, manager of the mine, refused to allow the rescue crews to jeopardize their own lives in further efforts to reach the bodies.
It was said it may be from a few days to several weeks before it will be safe for the men to re-enter the mine.
Senators Arrive To Study Alaska R. R.
JUNEAU, Alaska, Aug. 16.—To make a study of the Alaska railroad, Senators R. B. Howell, Neb., John B. Kendrick, Wyo., and John Thomas, Idaho, arrived here today on the destroyers Perry and Wasmuth.
Bernt Balchen May Lose Citizenship
WASHINGTON, Aug. 16.—After a two year absence in the Antarctic, Bert Balchen will be forced to start all over again in his quest for American citizenship, unless a bill before congress exempting members of scientific expeditions is passed.

LIONS CLUB TO HEAR ADDRESS
"Selling Yourself" will be the topic of a talk to be given by Paul G. Trotter, sales engineer, at the Tuesday meeting of the Richmond Lions at the Hotel Carquinez.
The speaker of the day has been secured by Denny Shaw, leader of the Lions orchestra, and chairman of the luncheon.
A number of local Lions are planning to attend the Lions Day program Sept. 3 at the state fair at Sacramento. The local caravan will leave San Pablo and Macdonald at eight o'clock on the morning of Sept. 3 for Sacramento.
Lundgren Makes Test Flights
ROOSEVELT FIELD, L. I., Aug. 16.—Ted Lundgren, who has said he plans to fly around the world in an Emco monoplane made some test flights here today. He was accompanied by Roger Q. Williams and William Marzalls.
Earlier in the day the plane had been flown to Mitchell Field, where experts made compass adjustments. Lundgren said then that just as soon as he received favorable weather reports he would attempt to lower the record for a world flight made by the Graf Zeppelin.
Harbor Masons To Meet Monday
A first degree will be conferred by Harbor Masonic lodge at a meeting in the Masonic hall tomorrow night. L. E. Jones will confer the degree and Emmett Hitchcock, worshipful master will preside.
Following the meeting refreshments will be served.
MARRIAGE LICENSES
Melvin G. Manning, 31 of Hercules and Fern Millsap, 29 of Pinole, applied for a marriage license in Martinez yesterday.
Peter J. Arturo, 22 of San Francisco and Elda Silvestrini, 19 of El Cerrito filed notice of intention to wed in Martinez recently.

Flint Slayer Threatens Wife
By United Press.
LOS ANGELES, Aug. 16.—Frank D. Keaton, who will go on trial Monday for the courtroom slaying of Motley H. Flint, wealthy retired banker, was under guard in the psychopathic hospital today after he attempted to attack his wife.
Keaton flew into a rage while conversing with his wife and was forcibly restrained from striking her.

Templeton Rites Held Yesterday
Mrs. Albert Templeton, who was killed when struck by a truck in Pinole Wednesday night, was laid to rest in the Sunset View cemetery yesterday after funeral services at the Pinole Community church. Wilson and Kratzer handled funeral arrangements.

Charles E. Hughes Returns From Trip
NEW YORK, Aug. 16.—Charles E. Hughes, chief justice of the United States, with his wife and daughter, Elizabeth, returned today from a trip through northern France and Belgium.

Man Injured By Power Saw
W. R. Lowrie, 303 Ohio avenue, is today recovering from a badly cut left hand received yesterday when he accidentally reached into a gasoline saw.
According to police reports, Lowrie was operating a power saw at 401 Sixteenth street, and the accident happened when he inadvertently reached into the moving blade to remedy some trouble.
He was immediately rushed to the Abbott Emergency hospital where he was treated by Dr. L. Abbott Hedges.

State Senator Is Found Dead
CHICAGO, Aug. 16.—Investigation was today started into the death of State Senator John T. Joyce, who was found dead in a hotel this morning.
Joyce recently charged the gunmen of the state attorney's office had interfered in the recent primary election in Chicago, and although no marks of violence were found on the body, an investigation was ordered.
Man Jailed On Liquor Charge
MARTINEZ, Aug. 16.—Frick Domingos, 19 of Stege, was today sent to the county jail here to serve 15 days for illegal possession of liquor. He was sentenced from El Cerrito when he failed to pay a \$30 fine.

Reds Discover New Island
MOSCOW, Aug. 16.—According to a radiogram from the icebreaker Sedov, new land in the Arctic ocean, 200 miles north of the Siberian coastline at Yenisei bay has been discovered.
The Soviet republic will claim the land, which according to the radiogram is located at 79:25 north 76:10 east. The land was said to extend far westward.

MOITOA FORDS TO PLAY BANK NINE TODAY

The National Bank of Oakland will be the opponents of the Moitoza Fords in today's contest at San Pablo. The game is scheduled to start at 2:30 o'clock.

Syd Martin, who has been con-sulters this season, is slated to twirl for the Fords this afternoon. Anthony Moitoza will do the receiving for the local aggregation. Today's battle is expected to offer something extra special for the local fans today. The Fords have been taking many leading eastbay teams into camp during the past month. They possess an excellent brand of fielding, while their hitting style is above average.

Yet they will meet a team of the same caliber as themselves this afternoon at San Pablo. The Oakland bankers have been presenting defeats to representative teams of Oakland and Berkeley, including the Southern Pacific Stars, the Cronin All-Stars, and the Clarence Saunders nine.

Seals Defeat Portland, 7-3

SAN FRANCISCO, Aug. 16.—UP.—The San Francisco Seals vanquished the Portland Ducks, 7 to 3 in an uninteresting game today. The Seals had their own way throughout. Fullerton letting the San Francisco batters have twelve hits. Portland's defeat was credited to Fullerton's performance on the mound.

Corey Garage Nine to Meet Wilton Team

An Indian team of Wilton will be the opponents of the Corey Garagemen this afternoon. The game will be played at 2:30 o'clock on the Wilton diamond.

The Indian aggregation is reported to have won 16 out of 30 games played this year, and should prove a hard team for the Coreys to conquer.

"Lefty" Eight will chuck for the locals today, with Baldwin receiving. The other members of the Corey lineup today will be: Chambers, 1f; Daley, 2b; Korte, ss; Farie, cf; Snyder, rf; Prolo, 2b; and Johnson, c.

Hotsy Totsy Wins Classic

FEDERATION, N. J. Aug. 16.—UP.—Hotsy Totsy, owned by Victor Kleisrath of the Montauk Yacht club of Port Washington, N. Y., today won the 28th running of the classic gold cup race.

Hotsy Totsy won the second heat and finished third in the third heat to win the trophy.

Richard F. Hoyt's Imp, defending champion after winning the first heat, withdrew from the second heat soon after the start and did not come back for the third trip around the 30 mile course.

The Californian, owned and driven by Richard Loyves, struck a submerged log in the first heat and was forced to withdraw with a broken propeller shaft.

Kleisrath, as owner of the winning boat, will name the location of next year's race.

Oaks Finally Beat Missions

OAKLAND, Aug. 16.—UP.—Three runs, all garnered in the fourth inning sufficed to win tonight's game for Oakland, which defeated the Missions, 3 to 2.

The Missions scored their first run in the sixth, with a homer by Huff, and their second and last in the eighth. Darroush replaced Herman Pillette for the Missions in the fourth but the winning runs were already made.

Local Tennis Men Lose Match

Darrow Sutton and Bertel Peterson, Richmond net athletes, went down to a 6-1, 6-2 defeat before Cora Butler and Sam Lee of Berkeley yesterday afternoon in the doubles competition in the Berkeley City championship tournament.

The local tennis duet played hard, fast tennis throughout both sets, but they were continuously outplayed by the Berkeley veterans.

Sutton and Peterson will today compete in singles competition at the Berkeley tournament. The matches will be held on the Garfield Junior high school courts in Berkeley.

Bear Gridders Lose Letter Men

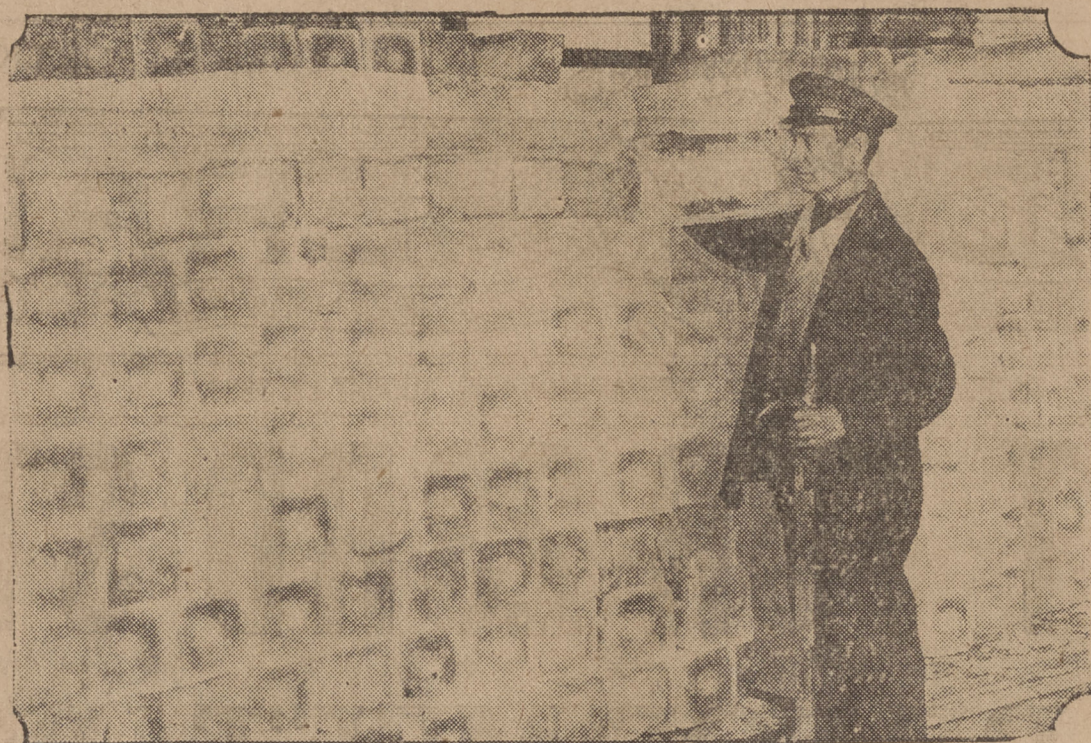

BERKELEY, Aug. 16.—The University of California football team may have lost an imposing list of lettermen at the end of the 1929 season, but players who return for service this fall scored within one point of half of the Golden Bears' total of 155 points for the season, a check of scoring statistics shows. Nine men scored a total of 77 points in varsity games.

Ralston "Rusty" Gill, fullback, leads the returning scorers with 24 points. Ellis Thornton, end, is next with 12 points, and Ed Griffiths, quarterback, garnered seven. "Moose" Garrity, Joe Hittingbomham and Ralph Seely, halfbacks, Ed Krwan, quarter, and Fritz Cahn, tackle, each scored one touchdown. Ted Beckett, tackle, was successful in four tries for point.

Sweden Installs New Type Mail Box

STOCKHOLM.—A new type of mail box with a detailed information chart is now being installed in Stockholm under the supervision of Sweden's postmaster general, Anders Orne. The chart not only tells when the box is emptied, but also gives the location of the nearest postoffice or automatic stamp vending machine, as well as postal rates and the departure of mail trains for various parts of Sweden, and abroad.

Who Cares For Heat?

THIS PERSON never complains about the heat. He is an attendant at a Chicago ice plant.

100 TO ONE SHOT WINS RACE

SARATOGA SPRINGS, N. Y.—Aug. 16.—UP.—One of the most spectacular upsets in American turf history stunned some 30,000 spectators at the Spa today, when Jim Dandy, a 100 to 1 shot out-raced the great three year olds, Gallant Fox and Whicome, to win the classic Travers stakes by eight lengths.

While the throng in the stands and along the rail looked on in amazement, what had promised to be one of the year's greatest racing duels between two acknowledged champions turned into a romp through the mud for the rank outsider in the field of four.

Jim Dandy, owned by the Wiltshire stable, hadn't won a race this year and was practically unbacked. But when they straightened out for the stretch run, the son of Jim Gagsney—Thunder Bird—moved easily to lead Gallant Fox to the wire by eight lengths.

Whicome was third, six lengths behind the 3 year old champion, and drew up lame. W. S. Kilmer's Sun Falcon was fourth.

The winner of this most surprising of 61 runnings of the historic Travers stakes, paid 100 to 1 to win; 10 to 1 to place, and 2 to 1 to show. The Wiltshire stable received a net of \$27,050 as a result of the victory.

Fractional times for the Travers, which was at one mile and a quarter were: 25; 49 2-5; 1:13 3-5; 1:42 and 2:08.

While the winner had not won a race this year, nor shown any promise on western tracks, where his young owner had raced him, many at the Spa recalled the day, almost a year ago when Jim Dandy dropped from nowhere to splash through the mud and win the Grand Union Hotel stakes at 60 to 1.

How much the mud hampered Gallant Fox may never be known, but the big red racer showed his superiority to the unfortunate Whicome, a colt whose racing days are numbered, if not ended.

Europe Coal Pact Nearer

BERLIN.—UP.—Hope for an eventual understanding between the German and British coal mining industry is derived here from London reports that negotiations between the coke producers of both countries have reached a stage where the conclusion of a sales convention for the Scandinavian market may soon be expected.

It is pointed out that the coke convention might be of importance far beyond its immediate scope, since it would be the first instance of an agreement between the German and British coal mining industry on a uniform export policy.

Though the coke convention generally is looked upon as a forerunner of a similar agreement with regard to the export market for coal, such development is not expected in the near future, it is declared.

Odd Fellows Will Meet At Vacaville

The Odd Fellows of Richmond will mix with the Vacaville diamond athletes at Vacaville this afternoon.

The Vacaville nine has earned the reputation of being the terror of the valley diamonds, and should furnish plenty of excitement to the visitors from the bay region today.

Johnny Babich will do the pitching operation for the locals, today with Bill Gualdoni receiving.

Senators Lose To Los Angeles

SACRAMENTO, Aug. 16.—UP.—Sacramento used three pitchers to night in a futile effort to beat Los Angeles but the Angels won 8 to 6. The Senators had a one run lead in the first, but lost it in the second and third when the Angels batted out five runs and Sacramento was never in the lead again. In the sixth frame both teams scored three runs, but the Angels two run lead was good for a win.

Hollywood Beats Seattle Indians

LOS ANGELES, Aug. 16.—UP.—Hollywood defeated Seattle 8 to 2 here tonight and seemed to have Hubbel's offerings almost at will, gathering 18 hits. This was the fifth straight win for Hollywood. Seattle scored in the second and fifth, but Hollywood scored twice for one in each of those innings and four more in the seventh and eighth to clinch the game.

Anniversary Fete Revives Old Sport

BIG RAPIDS, Mich.—Log birling, the almost forgotten sport of lumber packs of other days, will be revived here for the celebration of the 75th anniversary of the city's founding. Birling is a contest between two men who balance on opposite ends of a barkless log and try to dump each other into the water without losing their balance.

Armadillo Racing Found Novel Sport

AUSTIN, Tex.—Armadillo racing is the latest sport in Texas. The first events were held at Junction. Twenty-five armadillos were entered. The course was 200 yards. Spectators were amazed at the speed shown by the unwieldy looking animals with their small legs and heavy shell armor.

No Horn Tooting In Globe, Ariz.

GLOBE, Ariz.—UP.—The tooting of horns and blah, blah of other instruments which make up a band, doesn't exactly make a hit with Alderman W. P. Greer, if the city votes to form a municipal band Greer declares he will propose an ordinance to eject every horn blower from the confines of the city.

RICHMONDELKS WILL MEET

GRID FIELD AT U. C. WILL BE IMPROVED

BERKELEY, Aug. 16.—Between \$12,000 and \$15,000 is being expended by the Associated Students of the University of California to improve facilities of the California Memorial stadium for the 1930 football season, according to Jack F. MacKenzie, assistant graduate manager.

Chief among the improvements are the repainting of the seats at a cost of about \$5000; the re-turfing of the field last May, which cost \$1700 and the construction of a new unit of rest rooms on the east side of the stadium. This structure is to be completed before the California-Stanford game and will cost about \$5000, according to MacKenzie. Painting of direction signs and all woodwork in the stadium other than the seats will cost about \$1000.

The huge area of wooden seats is now being painted. Work will be completed well before the opening game September 27. This work is done each year the "big game" is played, at Berkeley.

A strip of new turf 100 yards long and 80 feet wide in the center of the playing field was put in during the spring. Due to the peculiar method of planting, roots are now thickly matted to a depth of nearly twelve inches, assuring a good turf for the season, MacKenzie declared.

Other improvements include a new emergency room at the south end, improvement of emergency facilities for doctors and nurses, the greasing, oiling and rolling of pathways under the west bleachers, new concession stands, perfecting of telephone communication for the handling of crowd congestion, direct communication between the police room and the Berkeley police department, and the betterment of public telephone facilities.

Since the stadium was opened in 1923 there has been but one accident there, and that was of a minor nature; due to efficient policing, no case of pocket-picking or similar petty thievery was reported last year, MacKenzie said.

Bear Babes To Have Many Grid Games This Year

BERKELEY, Aug. 16.—University of California freshmen football players will have a heavier schedule than usual on their hands this season, according to an announcement of the Bear Babes' grid dates today by W. W. Monahan, graduates manager.

The yearlings will meet their conference rivals, Southern California and Stanford, as usual, and two games on the schedule will be played as major contests at Berkeley; the Santa Clara freshmen on October 25, while the varsity is in Seattle, and the "Little Big Game" with the Stanford yearlings on November 8, while the varsity is meeting U. S. C. at Los Angeles. The complete schedule:

September 27—San Mateo J. C. at Berkeley.
October 4—Sacramento J. C. at Berkeley.
October 11—St. Mary's freshmen at Berkeley.
October 18—So. California freshmen at L. A.
October 25—Santa Clara freshmen at Berkeley.
November 1—Oreonta Military Academy at Berkeley.
November 8—Stanford freshmen at Berkeley.

Local Firemen Nine Will Meet Redwood Team

The Firemen of Richmond and Redwood City will meet in the second game of a traditional baseball series this afternoon at Redwood City.

The first contest of this year's series was won by the Redwood City fire fighters.

The box will be occupied for Richmond today by Carl Kamb. Lavette will be back of the platter. A banquet and entertainment will be held following the game by the Redwood City firemen and their wives in honor of the visiting firemen.

Bear Runners To Enter Meet

BERKELEY, Aug. 16.—University of California distance runners may clash with cross-country athletes of the University of California at Los Angeles and the University of Southern California this fall according to W. W. Monahan, graduate manager of the Associated Students here.

Plans for a cross-country race over the hills of Westwood are now under discussion. If they are carried through the marathon will be held the morning of the California-Southern California football game November 8 in Los Angeles. Each of the three institutions would enter a five-man team, according to present plans.

The marathon would revive the sport of intercollegiate cross-country running, and it is believed it would also stimulate interest in track. The sanction of the ASAC executive committee would be necessary before the Bears may enter a team.

Columbia Wins Junior Net Title

CULVER CITY, Ind., Aug. 16.—UP.—California was merely a threat so far as Wilmer Hines, Columbia, S. C., was concerned. This afternoon, within the space of one hour, the Southern champion cleared the net hurdle and won the national junior tennis championship.

J. Bobbitt, Pasadena, who distinguished himself yesterday by winning an endurance test from the tourney's original favorite, Karl Kamrath, Austin, Tex., was the final obstacle, and Hines brushed him aside, 6-2, 6-1, 6-3.

The date for the contest has not yet been decided.

BOAT RACES TO BE HELD HERE TODAY

The Richmond Boating association will today hold its second outboard motor regatta on the Richmond inner harbor.

More than 30 speedy craft are expected to participate in the two 50 m. events. The races will be divided into heats of 25 miles each. The boats will start from the Farr Terminal dock and will make a loop around the inner harbor of one mile.

The regatta will start at 10:30 o'clock and will probably end about 3:30 in the afternoon. Spectators may best view the races from the Farr-Richmond inner harbor dock.

Entrants have signed up for the races from all parts of northern California. Dr. Francis Kent and William Remel are the local contestants.

Cash prizes totaling \$140 will be presented to professional racers in today's meet, while a large amount of merchandise prizes donated by eastbay firms will be received by amateur racers.

Following the races, an outboard motorboat will be given away at the Richmond Boating association clubhouse. The boat will be a replica of Dr. Francis Kent's prize-winning Lur Alyse.

The complete prize list is as follows:

Two cases of fruit, 3 life jackets, 2 gallons of boat oil, 1 gallon of spring lubrication, 1 pair auto wings, 1 electric table lamp, 1 boat cushion, one boat paddle, 1 electric clock, 50 feet of garden hose, 1 vacuum bottle, 1 shell carrying case, 1 silver cup for the first boat to spill, 2 five gallon cans of lubricating oil, 1 compass, 1 fire extinguisher, 2 subscriptions to the Pacific Motorboat, \$10 merchandise order, 15 spark plugs, 10 passes to the California theater, \$10 merchandise order, 1 vise, double airplane ride, and a \$10 gasoline script book.

Legion Junior Game Postponed

The game scheduled to be played yesterday between the Richmond and Berkeley American Legion Juniors was postponed because of the Berkeley boys' inability to come to Richmond on that date.

The date for the contest has not yet been decided.

Society NOTES

ELMER FREETHY CLAIMS BRIDE AT CEREMONY

Culminating a romance that its start when the two attended the University of California, Marjorie Allen of Santa Rosa and Elmer Freethy of Richmond were joined in marriage at a simple but deeply impressive ceremony held in the San Rafael Presbyterian church at 11 o'clock yesterday morning.

The bride, charmingly gowned in yellow organdie and carrying a shower bouquet of lilies of the valley, Cecil Breuners, and orange blossoms, was given in marriage by her father, E. B. Allen, of Santa Rosa.

Vocal solos "I Love You Truly" and "Because" were presented by Pryce Roberts of this city.

Decorations in pink and gold provided an artistic setting for the beautiful ceremony.

A reception at 1:00 o'clock followed the wedding at the Roberts home on Roosevelt avenue. Mrs. Pryce Roberts is an aunt of the bride.

Freethy is the son of Mr. and Mrs. J. Freethy of Sixteenth street. He was a student in architecture at the University of California and at Stanford and was a member of the Timbran fraternity.

The bride is the daughter of Mr. and Mrs. E. B. Allen of Santa Rosa, a graduate of the University of California and a member of the Alpha Delta Theta sorority.

Among the wedding guests were many Richmond families.

Following a week's honeymoon at Carmel, the young couple will make their home in Watsonville where Freethy is employed as construction engineer for the Grant Miner construction company.

Los Angeles Visitor Leaves

Miss Anna Wagner, who has been visiting for the past week at the home of Mrs. R. J. Gasser, 2131 Chausser avenue, left for San Francisco yesterday via boat for Los Angeles. She will visit in the southern city for several days before returning to her home in Chicago.

Horace Lufkins Return to City

After a week's stay at Clear Lake, Mr. and Mrs. Horace Lufkins have returned to their home, 623 Forty-third street. They were the guests of Mr. and Mrs. J. E. Thompson of this city who have taken a cottage there for the week.

Rose Wood On Vacation

Mrs. Rose Wood and her daughter, Miss Alice Wood of the West Side are spending a pleasant outing at Clear Lake where they will remain for a week or more. Miss Wood is employed in the offices of the Standard Oil company.

Pigtail Returns

A STRIKING note at the recent Henley regatta was the pigtail of this young lady, which was adorned by a bright colored hair ribbon.

Christian Science Lesson Subject

"Soul" will be the subject of the lesson-sermon today in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the lesson-sermon will include the following from the Bible: "The way of the just is upright; thou, most upright, dost weigh the path of the just. Yea, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee. With my soul have I desired thee in the night; yea, with my spirit within me will I seek thee early; for when thy judgments are in the earth, the inhabitants of the world will learn righteousness."—Isa. 26:7-9.

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The proper use of the word soul can always be gained by substituting the word God, where the word soul is used, and you will have the scientific significance. As used in Christian Science, Soul is properly the synonym of Spirit, or God; but out of Science, soul is identical with sense, with material sensation."—p. 482.

Hoover, Lindy Meet Air Heads

ORANGE, Va., Aug. 16.—UP.—The needs and accomplishments of commercial aviation in America were the subject of a conference called by President Hoover at his mountain camp today.

The president's distinguished flying guest, Col. Charles A. Lindbergh and the four leading aviation officials of the government were to discuss the progress being made by the commercial flying lines now in operation.

The darkness of night came over New York for a time and was followed by a rain storm which left part of the city dry while deluging others.

Twelve Women In Air Derby

LONG BEACH, Aug. 16.—UP.—More than a dozen of the nation's leading women flyers made their final preparations today for starting in the national air derby to Chicago Sunday afternoon, although a disastrous desert flight may prevent one of them from taking off.

Jean La Rene of Chicago, representing the "home town" of the national air races, was due here early today from the Imperial Valley after a forced landing and fess delayed her two days.

R-100 ARRIVES AT ENGLISH BASE

CARDINGTON, England, Aug. 16.—The British airship R-100, largest craft of its kind in the world was moored at her home base here today after her first transatlantic journey, to Montreal and return.

The ship made the eastbound crossing in 59 hours, an announcement by the air ministry said. Rain and wind and one tide engine slowed her down considerably on the last part of the voyage and ended all hope of bettering the Graf Zeppelin's time of 55 hours, 24 minutes on the eastward crossing.

Brilliant sunshine greeted the air liner here, but a wind of 20 miles an hour and bumpy atmospheric conditions made mooring slower than it would have been under calm conditions. Mooring was completed at 11:02 a. m. G. M. T. (6:02 a. m. E. S. T.). The mooring cable was dropped at 10:30 a. m. G. M. T. The ship was about 600 feet up and discharged her water ballast, which fell like rain, as soon as the mooring connection was made.

Ship Greeted
Secretary of State For Air Lord Thomson and other officials of the air ministry arrived early to greet their queen of the air. Roads around Cardington were soon packed with automobiles as a great crowd rushed to the royal airship works to cheer. Passengers and crew could be seen waving from the windows of the ship and shouting messages as she approached the mast.

Lord Thomson and the reception committee ascended in an elevator to the top of the mooring mast to welcome the members of the crew. Lord Thomson's address was broadcast.

He was followed before the microphone by Wing Commander R. G. D. Colmore, director of airship development, who was a passenger on the voyage. Colmore said that no trouble was encountered in the homeward flight, which was chiefly featured by the airship's stability.

Cigarettes Wanted
Passengers started disembarking shouting for cigarettes as soon as customs officials had cleared the ship. Air Commander F. D. Holt, representing Air Marshal Sir John Higgins, read a message of hearty congratulations to the officers and crew.

Wing Commander Colmore was congratulated by Lord Thomson for "having accomplished this first stage in the development of British airships, whose contributions to our imperial communications must be of incalculable significance."

The telephone aboard the R-100, connected with the postoffice lines, was operating seven minutes after the ship was moored. The air liner has, as her telephone number Bedford 2255.

Heavy Clouds
Heavy clouds which the ship encountered early Saturday made it difficult to hold a course for a short time. Passengers declared they had a delightful crossing but were glad to be back in England again. Newspaper correspondents on board worked at the petrol pumps again on the last day of the voyage, despite the fact that they were once discovered pumping the precious fluid into the sea by mistake.

The official log of the R-100 states that seven tons of ballast water was collected from a heavy rain on Friday. "A certain amount of water came aboard and temporarily disabled the cooking apparatus," the log said.

Troops, Police Halt Riots

NATIVE TROOPS and police stemmed a riot that threw Cairo in an uproar recently. Many were injured when police charged demonstrators.

N. Y. State Leads In Conservation Of Beauty Spots

ALBANY, N. Y., Aug. 16.—UP—New York state today claims the distinction of leading all others in area devoted to conservation of natural beauty spots. State parks number more than 50 and their aggregate area of 2,200,000 acres is larger, by 300,000 acres than the combined land area of the states of Rhode Island and Delaware, according to Alexander McDonald, state commissioner of conservation.

"With the single exception of Yellowstone park, which encompasses 3,348 square miles, New York's forest preserve alone is the greatest natural park in the country," McDonald said.

Encircled by such famous recreation centers as the Finger Lakes, the Catskills, and Saratoga Springs, summer tourist travel in the state is at its densest this season near the little village of Cobleskill, locale of Howe caverns, largest subterranean passage in the northeastern United States.

Checkup of motor vehicle licenses by state authorities shows that vacation traffic is concentrating at the caverns, to disperse again over three picturesque highways, any one of which leads practically from the caverns—entrance to New York's famous marine and mountain playgrounds—on to Canada or the New England shore.

Two of these routes—the Cherry valley and Mohawk valley turnpikes (N. Y. State Routes 20 and 5) carry visitors to Niagara Falls, through country rich in Revolutionary lore. The third route, Schoharie Trail, a link in the Appalachian scenic highway, has Binghamton and Schenectady or Albany for its terminal points.

Building of a unified system of state parks was begun only four years ago. Provision for use of the forest preserve for recreational purposes was begun as a state function less than 10 years ago.

Cheating Hint Faces Pupils Of Paris U.

PARIS.—UP—The joyful din of 15,000 students, celebrating their successful tiff with the professors of the University of Paris, had hardly died down when the whisper began to be heard that some of the 15,000 candidates for the baccalaureat—about half in fact—had done a little plain and fancy cheating in order to best their instructors.

The whole academic population of Paris is astir, inasmuch as the thing is not supposed ever to have happened before in the annals of the university. There is a good deal of talk about the inevitable "Americanization" angle, and some excited writers on the subject would have it believed that the Yankees are entirely responsible. The Yankees—some 400 of whom are attending the University of Paris—feel otherwise about it.

It seems that about half of the naughty ones knew the subject of their French dissertation weeks before it was given out, while the other half were suspiciously familiar with the text of the Latin version.

M. Charlety, the university's rector, is not sure. He would much prefer to believe that his boys and girls were honest—given to outbursts of savagery at times, but all in good fun. Nevertheless, he has ordered a sweeping investigation, and if it develops that reports were correct some of the young men and women who so recently won their coveted certificates will have them taken away from them.

Grape Campaign Murder Trial Set

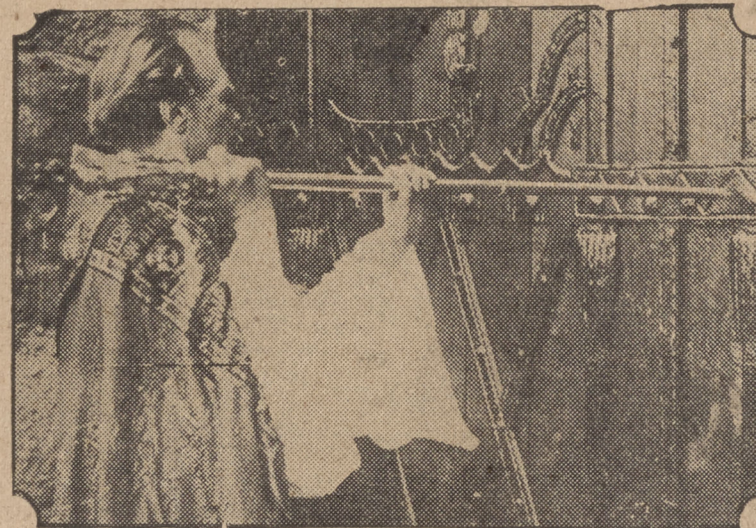

FRESNO, Aug. 16.—UP—William Maglio, young vineyardist of near Sanger, accused of the killing of William Matigon, past commander of the Sanger American Legion, during the grape control sign campaign, will go to trial October 15 on a murder charge.

Maglio pleaded not guilty before Superior Judge Denver S. Church yesterday and the trial date was set. Joseph Egalco, Maglio's half brother, will go to trial October 2 on an assault to commit murder charge in connection with the injuring of his own mother and William Berry, a grape sign campaigner, on the same night. Matigon was killed on the Egalco ranch.

Two Indians Are Paroled

SALT LAKE CITY, Utah.—UP—On the promise that they would behave themselves, and refrain from making "bad medicine," Truman Hatch, 24, and Lloyd Cantsee, 18, Navajo Indians, will be paroled from the state penitentiary and placed under the care of Edward Blasck, assistant Indian agent.

The two young bucks were convicted of making "bad medicine" to do away with an enemy after it was proved that they had removed the toenails and fingernails from a dead Indian, powdered them and scattered them in the drinking water of the tribe. This followed an old superstition that such an act would spread a "loathsome" disease among the Indians. The exact nature of the "disease" has never been explained.

Hatch and Cantsee said they were only joking, and wanted to scare the tribe, but the judge before whom they were tried sentenced them to a year in prison to think over the seriousness of their "joke." They have been in the penitentiary several months.

Ire Spills Words, Oats

GREENFIELD, O., Aug. 16.—UP—Landlord and tenant mixed in all sorts of encounters after Charles Dudley rented a farm to Mrs. Frank McCollister. The trouble started when Dudley ordered Mrs. McCollister to move because she allegedly refused to pay her rent. So vehement was Dudley's order that he

Tariff Act Gives Samoa Dignity

WASHINGTON.—UP—The Samoan Islands under the American flag attained the dignity and identity of the new title "American Samoa" in the tariff act of 1930 for the first time in any important congressional enactment.

In the previous tariff act, only the Island of Utuila, largest of the American Samoan group, was specifically named. The Port of Pago Pago is at this island.

The change in title is due to the fact that congress in 1928 formally accepted the cession of various islands in the Samoan group and thus paved the way for their designation under the single title.

The reference to American Samoa in the tariff act is an exception rather than an inclusion, as the regular United States tariff rates do not apply to their imports there.

An international convention of long standing required uniform tariff rates among the different national groups in the Samoan archipelago, and because of this imports into American Samoa are subjected to a flat 15 per cent Ad Valorem duty.

shook a garden hoe under her nose, Mrs. McCollister charged in filing an assault complaint.

Before the complaint could be served, Dudley returned to his home to discover 160 bushels of oats missing and 35 bushels scattered upon the ground under his bedroom window.

The depredation was charged to Mrs. McCollister who pleaded guilty, paid \$10 fine and costs and was released upon promise to move.

Radio Network Is Assured For Chicago Races

CHICAGO.—UP—An elaborate system of shore wave radio stations will be installed to facilitate handling the 44 events and the five derbies which comprise the 10-day meet of the 1930 National Air Races, to be held at Curtiss-Reynolds airport beginning August 23.

The communication system was made possible through efforts of the Chicago Radiophone club, co-operating with the Chicago Amateur Radio council.

An 89-meter transmitter and receiver will be placed at each of the three pylons which designate the route of the five mile triangular closed course. Operators at these points will be in instantaneous communication with officials at the race depot to report the progress of the events.

Stations of 150 meter wave length will be used at the net control station in the air depot, at the starter's post, and in the field manager's car.

A more powerful net control station in the administration building is being considered, present plans providing for direct communication by code with Elgin airport. All derby entrants are scheduled to stop at Elgin before ending their flights at Chicago, and the moment of their departure will be relayed to the airport in order that the field may be cleared for derby arrivals.

Radio equipment manufacturers, race officials said, have tentatively agreed to lend equipment. Should this prove impossible, club members sponsoring the installation will use equipment from their own stations.

The installation, which will be under the executive direction of Lewis Havalko, will be completed by August 10, in order to permit two weeks of testing before the Olympiad of the air opens.

Fire Ends Tree Sitting Contest

BAY BRIDGE, O., Aug. 16.—UP—Aspirations to tree-sitting fame came to an abrupt end for three Bay Bridge boys when fire broke out in their "sitting" quarters atop a high elm, and forced a hurried descent.

Dane Gardner was 10 hours ahead of his two rivals, Dale McCartney and Selby Moore when they retreated from their lofty perch. A careless re-fueling crew in allowing a lighted cigarette to be concealed in the provision supplies was blamed for the calamity.

RECORD-HERALD—ALWAYS FIRST WITH THE NEWS

Like Knights of Old

YE OLDE KNIGHTS used to fight to protect the fair fame of the devices emblazoned on their shields. And the knight without escutcheon was looked upon askance. He had no name to protect. He could live fairly or unfairly, as his whims directed.

Modern knights of industry have devices—the advertised trade-marks of their products. They must safeguard the reputation of these trade-marks to keep them worth while.

Advertising throws a powerful light on a trade-mark. If it proves worthy, it gains popularity and confidence. If it is shown to be unworthy, it quickly fails.

So you can be sure that every consistently advertised product is good. The advertising test has proved it. The name of its maker stands behind it. The trade-mark is your warranty of satisfaction and true quality.

OUR OWN DAILY MAGAZINE PAGE

THE WOMAN OF IT

By Marguerite Moores Marshall

Copyright Press Publishing Company (New York World) 1930

THE CHATTERBOX SEX

AS IF it weren't hot enough already, here comes news to raise the temperature of every woman. A dispatch from El Paso, Texas, containing a new version of the old libel.

That women are the world's worst talkers!

Henry Ansley, El Paso editor, actually published in his paper an offer to bet no woman in the city could go ten hours without saying a word. And that no four women could play bridge two hours without talking.

Properly and promptly, Texas women called his bluff. More than a score went into the silence not merely for ten hours.

But for a whole day. Fourteen hushed tables of bridge players proved that women do not necessarily mix cards and conversation.

Finally, one hundred and thirteen women canceled their subscriptions to Mr. Ansley's paper—proving that a woman's actions speak louder than her words. It really is old stuff and silly stuff, even for the so-called silly season. This charge that women do more than their share of the talking. As a matter of fact a fair share of loquacity is seldom allowed them.

When the other sex, the male sex, the real chatterbox sex, is around! Even in childhood, little girls soon understand that they must content themselves with smiles and an occasional admiring adjective.

While little boys vocalize about the wonderful things they have done and can do. In adolescence and young womanhood, the popular girl is the one with just enough of a line to get each young man started on his line, and keep him going. In offices, generally speaking, the men do the talking. And the women do the work.

What wife can escape, among her multitudinous roles. That of perpetual audience to the lord and master and loud speaker in her home? If she also has sons. The poor woman is lucky to get a word in edgewise! It is notorious that men cannot transact any sort of business without a practically unlimited amount of talk.

In conferences and in committee meetings. While for a positively torrential flow of eloquence. See—or, rather, hear—any political campaign and its male spellbinders! Honestly, it seems to us no wonder that women's tongues click a bit.

When women get together, for what other chance do they have? To say what's on their minds? Probably the reason why men think women talk too much. Is because men, wanting to be perfectly on the air themselves. Are aggravated at the slightest feminine interference.

What every woman knows is that, while some men are gifted with good looks. Others with brains, or charm, or the ability to make money. EVERY man is born with the gift of gab. And he can't lose it!

SILHOUETTES

Towering trees
Charcoal on an emblazoned sky
At twilight;

The seagull
Etched upon pencil-gray mist,
Suspended in flight;

Huddled, blue-black mass:
Huge mountains
Drenched in moonlight.

The harmony of you
On a shade of white
As I stood watching your window,
Once, at night.

MIMI RAINESS.

MIAM! MIAM!

A source of innocent amusement to many a woman is the newly published picture of King Carol and Queen Helen of Roumania, making their first public appearance since the reconciliation. Carol looks like the original of all sheep-stealers, and Helen, despite her lovely Greek profile, is the incarnation of that wily reminder, "But if I ever catch you again!"

DIVORCEE

You marvel that I do not hate. Cannot revile his name. Cannot denounce him for or cad. And hold him up to shame.

Can I forget the hopes we shared

CA DISH CA DAY

Copyright by Press Publishing Company (New York World) 1930

During a prolonged hot spell such as we are having, we Americans view hot foods with distaste and choose our menus largely from chilled foods. Cuisine hosts in cafes tell me that a great majority of their orders draw on the ice tables.

Where chicken or salmon in aspic, or cold cuts and vegetable salads are the main-stays. But what do the inhabitants of hot countries eat at such a time, one of our readers has asked. Parts of South America and Spain, she points out, are so strange to heat waves, and she wonders if their people continue to favor the rich, highly-seasoned dishes for which they are famous when they are in the throes of winter weather.

They don't, according to a Spanish importer who has lived here only a few years. They have their own summer specialties. They haven't our devotion to chilled foods, but merely adopt lighter, more piquant sauces in summer and broil their fish and meats instead of frying them in a generous quantity of oil replete with garlic.

KAREN HOLLIS

Fish forms the main course at many of their summer dinners, and here is the way they prepare it:

HALIBUT ESPAGNOLE

Dip halibut steak in coarse meal such as whole wheat or corn meal, sprinkle lightly with olive oil and broil under a hot flame for about ten minutes. Turn and broil other side, meanwhile preparing the following sauce:

PIQUANT SAUCE

2 egg yolks
1 teaspoon sugar
1 teaspoon salt
1/2 cup olive oil
4 tablespoons lemon juice
Few drops tabasco
1 teaspoon chopped onion
1/2 pimiento chopped
1 tablespoon capers
2 tablespoons chopped Spanish olives.

Beat the egg yolks until thick and light, then add oil and lemon juice alternately in small amounts. Add sugar, salt and tabasco, beating well after each addition. When thick and creamy, stir in other ingredients. Place a generous spoonful of this sauce on each portion of fish as it is served.

PERSIAN LAMB SHORT JACKET
MADE TO WEAR WITH VARIOUS DRESSES.

By Ann Roberts

Copyright Press Publishing Company (New York World) 1930

I PROMISED short fur coats. Here they are, trooping down the page. Pretty nice? Eh, what? And new looking, too.

You see, it's this way—skirts are so long—long fur coats eat up so much fur—sometimes look overburdensome on large people. A real demand is created for the shorter coat. And, forthwith, there appears a new silhouette in fur.

The fashion bids fair to be popular. It has that youthful, sporty look that we must have today. It makes a suit looking thing. It is not cumbersome in any sense, nor heavy to carry around. And it is an inexpensive matter as fur coats go.

Price Plus Smartness

IF YOU have all sorts of money, are thinking of looks alone and ultra smartness, then the short fur coat of leopard, as it grows, or shaved, is your best bet. Next in the budgeting scale comes ocelot. And if you are looking for smartness at its very lowest cost, don't for a moment despise stenciled lapin, for you will find that it is beautifully car-

SHORT FUR JACKET OF CARACUL
WORN WITH A CLOTH DRESS.

expensive furs in the fur, and will give you in wearing quality money you decide to.

Squirrel is being those who must be would not class it fashion. It is good if.

This sort of coat, wood dresses primarily must reiterate, it is fashion and it must that respect or imm all the chic that is it. Cloth dresses now have ness that silks had some of them are f this respect.

The Suit Idea

SO you can have a skirt, blouse and then you variety, other cloth ried off, that it sin with that sam: fur skirt with a meta lighter fur coat. T blouse to another s dress with that sa lighter toned skirt and the same set of. Dark short coats are done in lapin d will be surprised w lovely it really is— more pliable than th

The Curly Furs

PERSIAN lamb h ultra smartne coats of this made up in black, Caracul, too, hol broadtail for the in—and more inexpe pony, though this worn this year unless it is very flat and shiny, as its day, for the present at least, is about done.

An evening fashion in short coats, is the bolero of caracul in white—little, short sleeves worn with long black gloves. It is about the smartest thing that you could think of owning and its range of quality and price goes—broadtail, galyak, caracul, pony. But keep it a curly fur if you want to keep its chic intact.

They have dyed lapin for these short coats in red, green, yellow, etc., and they have a charm that is all their own for wear during the evening. You know—when the husband opens all the windows because all the men's dress suits oppress them so.

Details of Making

BACK to three-quarter coats for street wear—they swing into a bit of a flare from the waist, but are not a bit exaggerated in this respect. They do not depend upon being held in place. They are buttoned, belted or fastened in some way so that they keep in place without your constant attention. They are full and wrap with plenty of width.

Sleeves are fitted or raglan, kimono or dolman.

The lengths of the coats vary from a line just reaching the knee to a line about ten inches above the skirt. They have a very Russian, tunic effect about them. The hips are tightly fitted—that is, drawn about in contrast to the fuller skirts. Often they have pockets to increase the tight hip look.

About Hats and Gloves

THE fur beret is a high fashion. Though I would seem to harp upon an old and well worn subject, I still encourage this fashion

and Your Child

By Irma Morris

Press Publishing Company (New York World) 1930

Child older sisters or brothers tease him unmercifully. He may be jealous of a sister or brother because his parents show favoritism, or because the other child is decidedly superior. On the other hand, he may be following the bad example of some adult in the family who is querulous and complaining.

We can and we should ferret out the cause of this unpleasant behavior, and then we can tackle our problem understandingly, and patiently, and our young one to overcome this very bad habit.

How to Care for Shoes

It will preserve patent leather, rub the shoes at night with a little vasoline on a soft flannel and if you polish the shoes in the morning your shoes will look like new.

To clean white kid shoes make a lather of pure white soap and water, but before applying this, brush the shoes thoroughly to remove all dirt.

When the tip comes off the shoe, press a little melted beeswax around end of lace and shape it or twist the tip end of the lace and dip it in glue.

Oh, Go to Bed

By Eliot Kays Stone

Copyright Press Publishing Company (New York World) 1930

AD, who is General Timidity. "General Timidity! Do you, by any chance, mean general humidity?"

"Yes, that's the guy. Who is General Humidity?"

"General humidity isn't a person, it's a condition."

"Whose condition?"

"Nobody's condition—a condition of the weather. When there's less of moisture in the air the weather is said to be humid, and we have a condition of general humidity."

"Who conditions General Humidity?"

"Oh, go to bed."

The Beauty Shop

By Frances Olivier

Press Publishing Company (New York World) 1930

Contours her bodily contours, in other words. There is many a chin not fat but simply jazy, and too many tummies that require not punning but merely holding in. We heard a man with an eye for the beautiful—and no little sex pride—say that the real test of which has greater beauty, male or female figures, is the bathing beach. The women are either scrawny or flabby, was his harsh conclusion.

Now, flabby flesh demands not starvation but good posture and exercise. Swimming, for example that marvelous leveler—and tennis, the sport that makes for lovely litherness. But, most of all, the flabby figure needs backbone—a back held straight up and a chest and chin held high!

The whole thing is a dismaying mystery to her. Her trouble—poor posture, hinders, making her neck look into her hips red, and some with the remedied broader forth.

There are many excellent instructors in correct posture—people who will see your faults of carriage as you yourself cannot possibly see them and who will substitute for those unlovely faults beautiful virtues.

If you feel that yours is an extreme case, why not have your family doctor recommend an instructor in correct posture for you?

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Marie: You big sap, put me down!

obsession, but falling, turned swift to her main idea. "If Griff hadn't come along," she confided softly to Mac, "you and me might have hit it up." "Yeah, I always figured that," said the convalescent, his eyes lighting up.

"I'm fed up with my racket. I want to get away—anywhere. Griff ran out on me. I guess I can run out on him. What do you say, Mac? Let's get married."

Mac was evidently willing, but pointed out the difficulty of mixing matrimony with martial service against the Rifles Marie instanced. Bert's alternative of finishing out the enlistment as a prison guard at Hell's Island.

"You could never stand it there," said Mac. "It's heat and fever and plague and misery there."

"There's nothing too tough," she murmured, coming closer, "to share with a man you love."

So it was on that understanding that Mac married her and carried her off with him to Hell's Island. The day they landed at the ratty wharf and went up in a rickety cart, past wretched shacks and through forbidding jungle, Marie realized how aptly the island had been named. Then abruptly among the willing prisoners who worked sluggishly in the furnace heat

CHRYSLER EIGHT SETS NEW RECORD

An unprecedented volume of orders from record crowds in show-rooms throughout the country has followed the announcement of the new Chrysler straight eights, according to scores of telegrams to factory officials from distributors and dealers. Production has been stepped up in an effort to keep pace with deliveries of cars to buyers.

"Never in Chrysler history has there been such wide-spread interest over a new line of cars," said Harry Curry, local Chrysler dealer. "Wires from dealers verify the enthusiastic reports of factory officials who for some time have been supervising the advanced showings of these new cars to dealers. There is every indication that retail deliveries will set a record for an announcement showing."

The larger cities throughout the country were unanimous in reporting enthusiastic receptions of the new cars. While it is impossible to tabulate orders, it is certain that actual sales will exceed any previous Chrysler record. Detroit, the nation's motor capital, reported that approximately 10,000 visited the displays by the John H. Thompson company and associated dealers the first few days the cars were shown. In addition, more than 100,000 people saw the cars at a downtown theater where they were displayed for a week.

New Yorkers evidenced unusual interest in the new Chryslers, as shown by the fact that thousands flocked to the salesrooms in unprecedented numbers. More than 10,000 visited the Broadway salesroom alone. Chicago reported 200 demonstrations given over the week-end. Philadelphia broke all previous records for a new line of cars.

San Francisco set a record with nearly 12,000 visitors in the city show rooms during the first four days the cars were displayed. In Seattle, 2000 attended the pre-showing of the new eights, and greater interest was reported than when the original Chrysler was shown in 1924. In Salt Lake City, 600 visited the Chrysler showings the day the cars were displayed. San Francisco, St. Louis and Kansas City reported record crowds and unusual interest.

Portland reported an enthusiastic reception of the new eights, 4500 attending the display during the week-end. In addition, 25,000 saw the cars at a downtown theater. More than 1000 saw the cars in Altoona, Pa., on the opening of the showing there.

"The greatest Chrysler ever" was the word received from the DeCoven Motor company of Newark, N. J. "Outstanding and individual" was the comment of the Alcop Motor company of Richmond, Va. Scores of other similar messages from dealers were pouring into the factory.

Eddie Roberts Held After Gun Battle

SAN FRANCISCO, Aug. 6.—UP—Eddie "Kayo" Roberts, Tacoma pugilist, and Jack Wilson, cigar store owner, were arraigned today, following the shooting of John "Jumpy" Calvert. Their cases were continued two weeks, pending the outcome of Calvert's injuries.

According to the stories of bystanders, Calvert and Roberts drove past Wilson's cigar store last night, as Wilson was saying "I'm not afraid of Roberts."

Sightings then, witnesses said, Wilson jumped on the running board and began firing into the car, a small coupe. He was shaken off when the car turned a corner, but overtook it when it was drawn up to the curb a few hundred feet further, and thrusting his revolver through the window, again began shooting.

Police knew little of the circumstances leading up to the shooting, though they said it was the culmination of a gamblers' feud. Calvert stopped Roberts' attentions said in a monologue at emergency hospital which began:

"Well, they started blasting, so I did, too."

Roberts was booked as a vagrant.

Chinese Rebels Reported Beaten

SHANGHAI, China, Aug. 16.—UP—The defeat and capture of large numbers of soldiers of the rebel northern army was reported by the national government today as the Nanjing troops established themselves in the recaptured city of Tsinan.

Confident that the flight of the northern forces from Tsinan had broken the strength of the rebel armies, the national government announced that its troops along the Tsing-Tu Ry. had concentrated at Tsinan after the advance guard entered the city at noon Friday.

POLICE, GANGS SEEK ZUTA TRUNKS

CHICAGO, Aug. 16.—UP—The corrupt triangle of politicians, policemen and racketeers which popped out of Jack Zuta's safety boxes was described by prosecutors tonight as only the beginning of a scandal revealing the full length of gangland's reach into Chicago officialdom.

Later chapters in the story of how the gangs have bought their way into high places in the government of the city are expected to come from two trunks. These are said to contain further records of the Moran-Alto Zuta gang's financial dealings with the judges and other public men.

Prosecutors saw their hunt for the two Zuta trunks tonight as a race with gangleaders. If the theory that Zuta was slain to silence him is correct, then Zuta, dead is menacing the corrupt triangle much more than he did while alive and "squawking."

Pat Roche, chief investigator for the state attorney's office, let it be known that his hunt for the trunks was being hindered by dozens of politicians. They were trying to get in touch with him to see whether their names had been found in the Zuta records and whether they go into voluntary exile for a time.

Zuta was business manager for the Moran gang which operates on Chicago's north side. The Morans have been recognized for the last two years as the only stumbling block in the way of 100 percent gang dominance in Chicago for "Scarface" Al Capone.

Triangle Suspect Two weeks ago, after being suspected of engineering the murder of Alfred J. Lingle, Chicago Tribune police reporter who practiced rackets in his spare time, Zuta himself was murdered by machine gunners. They attacked him late at night on a dance floor in a resort hotel at Delafield, Wis.

Friday Roche opened two of Zuta's safety deposit boxes in Chicago. They contained the tell-tale records of the Moran gang's financial operations. One page which Roche made public, showed a gross turnover for one "period" (probably one week of \$429,046.73.

Of this amount only \$75,000 was listed as profit. The rest went to individual members of the gangs—to politicians, policemen and to persons believed to have supplied the liquor which the Morans forced saloon keepers and cabarets to buy.

Names Shown Names which appeared on cancelled checks and notes left in Zuta's safety boxes included the following:

Judge Joseph W. Schulman of the municipal court, \$500 in notes and checks.

George Van Lent, former state senator, \$600 in checks.

Emanuel Eller, former municipal and superior court judge, and son of "Boss" Morris Eller, one of the "Bloody Twentieth" ward, a check for \$250.

Louis I. Fisher, attorney, brother of Judge Harry M. Fisher, checks for \$600.

Richard J. Williams, police sergeant, an unpaid note for \$600.

State's Attorney John A. Swanson announced that every man named in the Zuta records would be questioned by assistant prosecutors, but only one of those named could be found today. He was the police sergeant who said his note had been given to a man named Masse for money with which to finance a new home and that he had no idea how it fell into Zuta's possession.

CHEVROLET IS USED BY GYPSY

This is the saga of A. P. Hohman, 63 years of age, confirmed motor gypsy, genial adventurer and bachelor, for which he is admittedly much obliged. Gypsy Hohman has visited virtually every state in the Union, has owned four Chevrolet cars, driven a total of more than 50,000 miles in the past three or four years and has spent less than \$100 for tires and motor repairs in that time, according to officials of Connel and Shumate, local Chevrolet dealers.

He has pitched camp in the heart of Terra Haute, Indiana, where some of the main business streets converge, chinned with the movie queens of Hollywood and made them like it, had his car turned over by a wild motorist in Sweet Springs, Missouri and has had innumerable other interesting experiences throughout this country and Canada.

"The first car I ever owned was a Chevrolet. I bought it for cash in 1928," says Gypsy Hohman. "After the salesman showed me how to work it, I climbed in and drove across the country from Seattle to Portland, Maine. My friends told me it was dangerous to take such a trip before I had had some practice. They were wrong. If a person uses his head as well as his feet and hands he can drive anywhere. I went through Chicago at five in the evening and didn't even get a fender scraped. Never saw so many cars at one time in my life."

Gypsy Hohman travels light. He has a small tent, a few articles necessary to camping, his Chevrolet and that is all. He gets up early in the morning and drives 100 miles before breakfast. "Believe me, a feller can eat then. However, it is not advisable to take on too much. All I usually get is a sirloin steak, fried potatoes, cereal, toast, coffee and may-be some kind of fruit," he explains.

Despite his strict adherence to this rigid "diet," Gypsy Hohman is not at all emaciated. In fact he is the picture of health and vigor. "My Chevrolet cars actually are keeping me young," he says. "I like the outdoors and a small stuff-up and 'figgity' when I have to sleep in a house."

Gypsy recently purchased a new Chevrolet six coach and is taking delivery of his car in Flint, Michigan, where the principal Chevrolet factory is located. He will drive his car back west over the Southern route, through California. He will have another opportunity to make chin music with "them movin' pitcher gals" in Hollywood.

The total purchase price of Hohman's four new Chevrolet automobiles was \$1350 exactly. In each case he has had the advantage of the excellent trade-in value of Chevrolet and as a result has enjoyed four new motor cars for the price of one car in the medium-priced class. These cars have given him perfect service, comfort and performance, he says. They have carried him many times across the continent and while doing it have lightened the weight of years on his shoulders.

"I am 63 years young and Chevrolets have made me that way," he states.

Hohman's home is wherever he happens to find it. His mail comes to Seattle, Washington.

Mrs. Oesterreich May Accuse Attic Lover of Murder

LOS ANGELES, Aug. 16.—UP—The possibility that Mrs. Walburga Oesterreich will blame Otto Sanhuber, her one-time "attic lover," for the murder of wealthy Fred Oesterreich was seen by prosecution attorneys today as the woman prepared to take the stand in her own defense.

The silence of Mrs. Oesterreich's counsel, who announced only that the Milwaukee manufacturer's widow will be her own star witness, led prosecutors to believe that the little "Ghost of the Garrets" may again be accused of the killing.

Sanhuber appeared as the state's star witness, telling of his ten-year love affair with Mrs. Oesterreich and his inhabitation of Oesterreich's attic so he could be near her. He said, however, that on the night of the killing eight years ago Mrs. Oesterreich was in her own room, when he heard the shooting and Oesterreich's body was found down stairs.

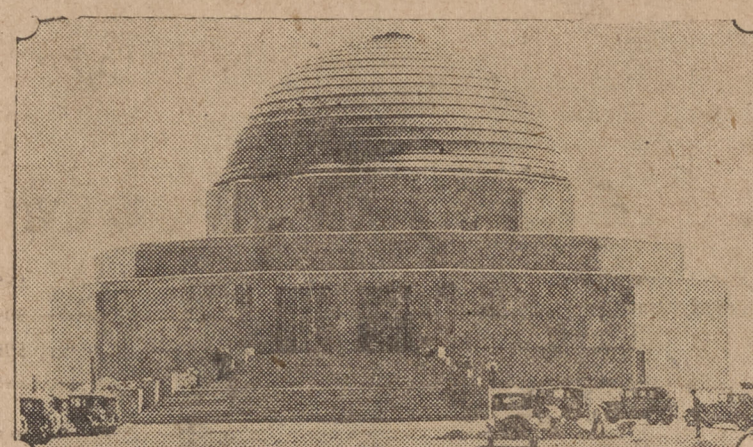

The trial was in adjournment today as Mrs. Oesterreich prepared to open defense evidence Monday. She was indicted jointly with Sanhuber for the murder, but Sanhuber was tried first and convicted of manslaughter. He escaped under the statute of limitations.

Rum Schooner Held in Dock

DETROIT, Mich., Aug. 16.—UP—The coastal steamer Vegas, loaded with 10,000 cases of whiskey, was tied up at a Canadian dock across from Detroit today, marking officials said, the failure of the first major effort by rum-runners to beat the new Canadian liquor export law.

Capture of the Vegas and its cargo, estimated to be worth at least \$500,000, bore out rumors current for many months that a "rum row" such as formerly existed off the Atlantic seaboard, would be established on the Great Lakes after the enactment of the Canadian export law.

Visitors Aplenty

THE FAMOUS Adler Planetarium, located on an island off Grant Park in Chicago, draws hundreds of visitors each day.

Arson Plot In Prison Fire Told

(Continued From Page 1)

use them to scale the walls. Plan Told But the taper was inaccurately timed. It was too long. It was to have exploded the can of fluid while convicts in cell blocks G, H, I and K were at supper—at 4 p. m. Instead it flickered, and burned slowly and the convicts had been returned and locked in their cells when, about 4:40 p. m. the taper, did its work.

Identity of the arson conspirators, known to Warden P. E. Thomas and officials of the state fire marshal's office for months, has not been announced. Details of what they did, how they plotted escape, how they worked, also were known.

A general break, with fire paving the way, had been expected. At the time riots were demoralizing other prisons, and Warden Thomas, through the prison "grapevine," had been apprised of what they did, how they plotted escape, how they worked, also were known.

Anticipatory arrangements were made. Extra guards were posted. National guard commanders were

notified to be prepared for instant duty.

It was even planned to tunnel into the prison yard for quick delivery of troops, but this was abandoned.

The precautions, coupled with the inaccurate timing of the taper, combined to frustrate a break that would have sent several thousand desperate convicts surging into the city, it is claimed.

Fire Started The can of inflammable liquid, said to have been more volatile than gasoline, was placed next to oil-soaked concrete forms in one of the upper tiers of I and K block where repairs were underway. It was there the fire started. It spread to G and H blocks, trapping the aged men.

The holocaust that followed shook the nation. When the last smoldering embers had been extinguished 320 convicts lay dead in an improvised morgue at the state fair grounds.

Girl Treated For Head Hurt Anna Bridgeman was yesterday treated at the Abbott Emergency hospital for a slight scalp wound which necessitated the taking of two stitches.

The injury was not serious and, according to hospital attaches the girl will soon recover.

PLANS LAID FOR NET MEET

Final plans have been completed for the 1930 Contra Costa county tennis tournament to be held in Richmond next month.

The tournament is open to any amateur tennis player residing in this state. It has the official sanction of the California Lawn Tennis association.

The entry list will close at one o'clock on Aug. 30, and drawings will follow immediately. Competition will begin Sept. 6 and will continue each week-end until the tourney is completed. This will allow three weeks of playing so that the tournament will not conflict with the Pacific Coast championships which start Sept. 27. All matches, with the exception of the finals, will be won by two out of three sets. The finals will be the best three out of five sets. All players must appear within one half hour from the time the match is scheduled or else default the match. The rules of the United States Lawn Tennis association will govern the tournament.

The entry list will be limited to players in the men's singles and 64 to 32 teams in the doubles. Eight players will be seeded in the singles and four teams in the doubles.

The tournament will be played on the City Hall and Point Richmond courts. The Point Richmond courts will be used only for the early rounds of the tourney.

Entries may be sent to A. S. Remick, chairman of the tournament committee, of 769 Seventh street, (Phone Richmond 888-J).

Beautiful silver trophies will be presented to the winners and runners-up in each event, following the tourney.

The present holder of the Contra Costa county tennis championship is John Murio. The 1928 title was held by George Greene. In the doubles Dolph Muehlisen and Bob Muench are the title holders. Herbert Suhr and Harry Randall were the victors in the 1928 tournament.

IT'S WISE TO  CHOOSE A SIX

Announcing a new production record

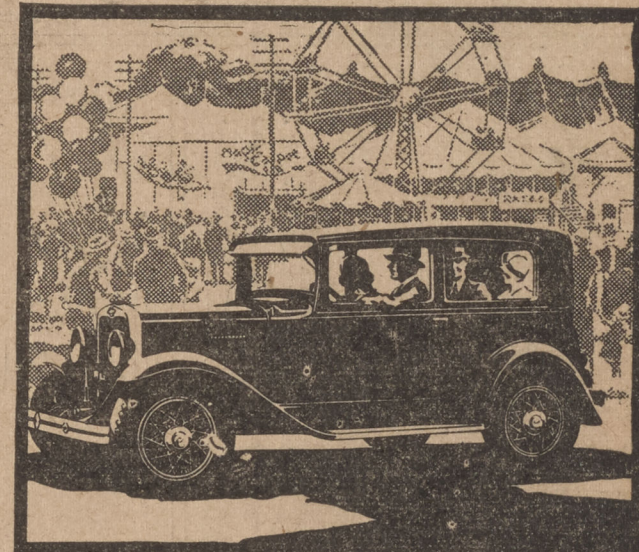

2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder engine—the comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil, tire and upkeep economy is unsurpassed. And

The Coach, \$565, f. o. b. Flint factory

any model can be bought for a small down payment and easy monthly terms! Come in today. Learn for yourself why two million buyers have agreed—"it's wise to choose a Six."

Some Distinguishing Features

50-horsepower six-cylinder motor . . . 48-pound crankshaft . . . full-length frame . . . four semi-elliptic springs . . . fully-enclosed four-wheel brakes . . . four Lovejoy hydraulic shock absorbers . . . dash gasoline gauge . . . Fisher hardwood-and-steel body . . . adjustable driver's seat . . . safety gasoline tank in the rear . . . non-glare VV windshield . . . and, for your protection, a new and liberal service policy.

Modern production methods assure high quality
